

Mrs. Margaret Lane Dies at the Age of 76.

Mrs. Margaret S. Lane, aged 76 years, died at the home of her daughter, Mrs. Emma Fassett, on Sycamore street, in this city, last Wednesday morning, after a long illness.

She was a widely known and much beloved woman and her loss will be felt by countless friends and relatives. Her husband, who was Silas Lane, preceded her to the grave over thirty years ago. For nearly sixty years Mrs. Lane had been a devout member of the Christian Church and had always lived a useful and loving Christian life. She was born in this county in 1837 and lived her entire life in Montgomery county.

Deceased is survived by three daughters, Mrs. John W. Jones and Mrs. Emma Fassett, of this city, and Mrs. Mary Metcalf, of Owingsville, and one son, Mr. L. E. Lane, of Richmond, all of whom have the deepest sympathy of many friends in the loss of a true and loving mother.

The burial took place at Macpelah Cemetery Thursday afternoon at 2 o'clock with short services at the grave by Rev. H. D. Clark.

To The Ladies.

Beginning Saturday, The Louisville store owned by Mr. S. M. Newmeyer, will begin their annual Mill-Remnant Sale. Mr. Newmeyer has been in business in Mt. Sterling for many years and has by his honest methods of doing business, made a host of friends, and whenever he announces a sale the people of this and surrounding counties know that they will get genuine bargains and be able to save a great deal by trading with him. Follow the crowd to his store and get your share of the bargains. See large add in this paper.

PRICES INCREASE

On All Grades of Tobacco During Past Week.

Over Half a Million Pounds Sold at Attractive Prices.

Tobacco sold splendidly during the past week at both the Farmers and Burley Tobacco warehouses. Prices on all grades continue to increase. Over a half million pounds changed hands at the two warehouses at prices ranging from 4 to 44 cents per pound. Tobacco seems to be selling equally as well here as any place in the State and the growers are highly pleased with the prices received. The roads leading to Mt. Sterling from all directions are lined with tobacco wagons and both the local houses are selling capacity floors at almost every sale.

The Farmers and Burley houses have come to terms about the holding of sales and in the future sales will be held on Mondays, Wednesdays and Fridays. The two houses will take time about having morning sales.

Friday about 90,000 pounds sold at the Burley house for an average of nearly 14 cents. About 130,000 pounds changed hands at the Farmers house at an average of about 14 cents. Monday the Farmers house sold about 127,000 pounds at an average of \$14.66.

Some of the best sales made at the Burley house were: Prewitt & Woosley about 6,000 lbs., at 17½¢; Prewitt & Crow, about 11,000 lbs., at 14¢; W. N. Seabee, about 3,000 lbs., at 16½¢; A. Skidmore, about 5,000 lbs., at 15¢; J. & C. Fogg, about 3,000 lbs., at 14 cents.

The Farmers house reports the following sales as among some of its best during the week: M. B. French, 3,875 lbs., at \$18.00; Whitsett & Hamilton, 2,845 lbs., at \$18.24; Highland & Butler, 2,810 lbs., at \$15.55; Duff & Campbell, 11,065 lbs., at \$18.25; T. N. Coons, 2,465 lbs., at \$16.00.

Rehearsals are On.

Rehearsals are well under way for the big home talent play "Mr. Bob" which will be given at the Tabb Theatre, Thursday, January 16, under auspices of the Aid Society of The Presbyterian church. The production is under the professional direction of Mr. and Mrs. John T. Adams, of Pittsburg, Pa.

"Mr. Bob" is a screaming farce and incidental to the play there will be introduced a number of catchy specialties and musical numbers, all in special costuming. An excellent local cast has been secured and will be announced later. It is expected that Mt. Sterling people on Jan. 16, will have an opportunity to see something entirely out of the ordinary in the way of home talent plays. Clever comedy situations, catchy songs and beautiful costumes will mark the performance, whose program will follow the lines of professional musical comedy.

Kicked By Mule.

One day last week at their home on the Grassy Lick pike, Warren, the little son of Mr. and Mrs. Gano Caywood, was kicked in the face by a young mule. A gash about three inches long was cut, and a physician was called and several stitches were taken. No bones were broken. The little fellow is getting along nicely. Fortunately the mule had no shoes.

Examination of applicants for graduation from the rural schools will be held in my office on Friday and Saturday, January 24th and 25th. This examination can be held at no other time. You can not choose either Friday or Saturday, but you must be present both Friday and Saturday.

Local Talent Show.

The laugh provoking play, "Mr. Bob," will be put on by local talent, January 16, at the Tabb Opera House, for the benefit of the Aid Society of the Presbyterian Church. The admittance will be reasonable, so come out and help a worthy cause.

Smoke House Destroyed By Fire.

Mr. W. P. Guthrie's smoke house caught on fire Monday morning while smoking some meat and before the flames were extinguished the building was almost a total wreck. The loss will probably reach \$100 with no insurance.

Big Show All This Week.

The Grahame Stock Company is giving excellent shows at the Tabb Opera House during the present week, the plays are new and well put on with special scenery, the vaudeville between acts constitutes a whole show in itself, the company as a whole is pronounced the best repertoire attraction that has visited Mt. Sterling in years.

The plays for the balance of the week include: "Sapho" on Thursday night, a feature performance of "Dr. Jekyll and Mr. Hyde" on Friday night, a ten cent matinee of "A Runaway Wife" on Saturday afternoon, with two "Mutt & Jeff" reels as an additional feature for the children; and "Don't Tell My Wife" on Saturday night. All plays produced with special scenery and an entire change of specialties every night. Night prices are only ten, twenty and thirty cents. Reserved seats on sale every day at the Mt. Sterling Drug Company's store.

My Position.

I am circulating my petition for Postmaster for the reason there are so many petitions out there might not be anybody left to sign mine. I think all the candidates should wait until the President is inaugurated. As for myself, I have no desire to interfere with the present postmaster's term of office. As long as he makes the satisfactory postmaster that he has in the past I am perfectly willing for him to serve his term, and am only circulating my petition for self protection.

Fred W. Bassett.

The eleven saloons now doing business in Mt. Sterling were granted licenses for the year 1913 at a recent meeting of the City Council. The licenses were issued to the following: National Hotel, J. P. The new building will be located just in the rear of the plant of the Advocate Publishing Co. on Main street with a brick driveway between the Advocate plant and the office of the Mt. Sterling Water, Light & Ice Co. The building will be a brick structure with a concrete floor.

Messrs. Stone & Flora, two competent mechanics, have leased the building from the owners, Messrs. Chenault & Orear.

Laundry Interest Not Sold.

The report that Mr. B. F. Pollard had sold his interest in the Mt. Sterling Laundry Co. to Mr. F. W. Soper, of Lexington, was incorrect, and Mr. Pollard will still continue to be connected with his brother both in the laundry and the Mt. Sterling Bottling Works.

Write Ideas for Moving Picture Plays

YOU CAN WRITE PHOTO PLAYS AND EARN \$25.00 OR MORE WEEKLY

We Will Show You How

If you have ideas—if you can THINK—we will show you the secrets of this fascinating new profession. Positively no experience or literary excellence necessary. No "flowery language" is wanted.

The demand for photoplays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever increasing demand. They are offering \$100 and more for single scenarios, or written ideas.

Nearly all the big film companies, the buyers of photoplays, are located in or near NEW YORK CITY. Being right on the spot, and knowing at all times just what sort of plots are wanted by the producers, our SALES DEPARTMENT has a tremendous advantage over agencies situated in distant cities.

We have received many letters from the big film manufacturers, such as VITAGRAPH, EDISON, ESSANAY, LUBIN, SOLAX, IMP, REX, RELIANCE, CHAMPION, COMET, MELIES, ETC., urging us to send photoplays to them. We want more writers and we'll gladly teach you the secrets of success.

We are selling photoplays written by people who "never before wrote a line for publication."

Perhaps we can do the same for you. If you can think of only one good idea every week, and will write it out as directed by us, and it sells for only \$25, a low figure,

You Will Earn \$100.00 Monthly for Spare Time Work.

Wednesday's Tobacco Sales.

About one hundred and twenty-five thousand pounds of tobacco were disposed of Wednesday at the Farmers' Warehouse at prices ranging from 4 to 44 cents. The quality was excellent and prices stronger with market very active. Red tobacco was still higher and the color grades were firm and demand strong. The sale was late in starting owing to a disagreement as to which house should hold first sale. There were a number of crops which averaged from 17 to 23 cents. Indications point to a continued rise in prices for the weed, as there is a shortage in production everywhere.

TAKE IT IN TIME.

Just as Scores of Mt. Sterling People Have.

Waiting doesn't pay. If you neglect kidney backache, urinary troubles often follow. Act in time by curing the kidneys. Doan's Kidney Pills are especially for weakened kidneys. Many people in this locality recommend them.

George McCandles, butcher, Paris, Ky., says: "Some time ago I had occasion to use a kidney remedy and at that time they gave me relief, which has proven permanent. I got them for backache and disordered kidneys. The way they stopped my trouble has proven their merits."

The above is not an isolated case. Mr. McCandles is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. McCandles had. 50c all stores. Preserve Your Credit.

Young Fellow.

Let me tell you about this thing of paying your debts. Young Fellow; very few men do it from a spasm of morality. They do it because it pays best in the long run. No man who makes a practice of being dishonest and repudiating his just accounts ever amounts to a hill of beans. In the commercial world they never get to the quarter pole. The successful business man thinks more of his credit than he does of his wife, for he knows that if his wife leaves him he stands some show of getting another, but if his credit forsakes him he is up against it. He can have but one credit. A successful gambler always makes his word good and keeps his credit inviolate. It is his only stock in trade. It seems strange, with all this in mind, that young fellows will start out by beating little bills at restaurants and stores. They will even borrow 50 cents from a friend and refuse to pay it back. That class of fellows always wear a banner that can be seen all over town, and everybody is onto them. When it comes to paying debts, "honesty is always the best policy."

"Suffered day and night the torment of itching piles. Nothing helped me until I used Doan's Ointment. It cured me permanently."—Hon. John R. Garrett, Mayor, Girard, Ala. 1m

Made Strong and Well by Vinol.

When we tell you that Vinol is the
best remedy in our whole stock for
making weak, puny, ailing children
strong, robust and rosy, we are only
telling you what has been proved by
hundreds of mothers.

Mrs. W. O. Strother, Raleigh, N. C.,
says: "My little girl, Hazel, has been
taking Vinol to build her up after a
severe spell of sickness. It has done
so much good by restoring her appe-
tite and building up her strength that
I think Vinol is the finest tonic ever
prepared, and I am telling everyone
about it."

What Vinol did for this little
girl it will do for very weak and
ailing child, because sickly children
need the strengthening cod liver
elements and the tonic iron that
Vinol contains—that is why Vinol
builds them up quickly and gives
them a fine, healthy color. It is
pleasant to take, and we guar-
antee that the results will satisfy
you—money back if they do not.

POLITICAL ANNOUNCEMENTS.

County Office \$10.00

No Announcement will be inserted until paid for.

We are authorized to receive the following persons as candidates before the State Primary, August 2nd, 1913, in the event of the Democratic party, to wit:

FOR COUNTY JUDGE
WILLIAM C. CHAMBERS, JR.
FOR COUNTY COURT CLERK
HARRIS CHAMBERS
W. A. SAMUELS

MR. W. A. SAMUELS.

At the head of this column, by his direction, we place the name of Mr. Wm. A. Samuels as a candidate for the Democratic nomination for County Court Clerk, before the State Primary, August 2nd.

Mr. Samuels is at present Mayor of the City of Mt. Sterling. Prior to being elected Mayor he was a member of the City Council and a very active and successful one. Many improvements have recently been accomplished, due, in the main, to his capable and untiring energy. He has always been an active working Democrat, giving a large portion of his time and means to the work, and a constant reminder of his worthy Democrat, believing they are entitled to careful consideration and should be nominated and elected, we are sure that a large number of his new duties in such a manner as to merit general approval.

MR. KELLER GREENE.

When we gathered here present for the consideration of the Democrats of Montgomery County, the name of Mr. Keller Greene, for County Court Clerk, before the State Primary, August 2nd next.

For a long time Mr. Greene has held the position he again seeks and has proven himself to be an honest, polite and competent official, as has also his popular and obliging deputy, Mr. Lindsay R. Douglas.

He is a son of Mr. and Mrs. L. B. Greene and comes from a family of Democrats. All his life has been spent in our midst and that he is a clean, sober and deserving gentleman, all agree.

Believing he will continue to conduct the affairs of the office, at the present high standard, we present his claims to his fellow-Democrats and ask that they be given careful consideration.

There seems to be a wide-spread misunderstanding as to when hunting licenses expire, most people believing they are good for a year from the date of issue. This, however, is erroneous, since they expire at the end of each year. As there have been only three licenses issued in 1912, many people are said to be innocently violating the law.

The author is unknown to us, or we would give him due credit for it, but the fellow who said in substance, "Here's hoping the year 1913 will be the year we have all been looking for," expressed, in a concrete way, in our judgment, the universal sentiment.

We observe from the press that our old friend Jesse M. Alverson of the Anderson News has been sued for one hundred thousand dollars alleged libel.

Jesse ought to feel rather "chesty" over this compliment.

Nice Crop.

Mr. J. W. Henson, of the Camargo neighborhood, raised two acres of tobacco that weighed 3,115 pounds and averaged \$12.60. Considering where this tobacco was raised the price is said to be a very large one and the acreage good.

Negro Shooting Scrape.

Thursday night Rich Gossett and Jim Hurley, negroes, engaged in an altercation which resulted in Gossett shooting the Hurley negro in the leg. The bullet broke both bones in the leg below the knee.

David Moore, who has been very ill for several days, is now to be out again.

Walter Carroll has moved from E. E. Taylor's farm to the Stegman neighborhood.

Mr. Norman Johnson has returned to his home at Lexington after a visit to the family of W. C. Johnson.

Mr. Sterling being able to handle the wheat crop of that section greatly adds to the convenience of the present, not saying what a benefit it is to Mr. Sterling.

Born, January 3, to E. C. Carl and wife, a daughter—Miss Carl.

Ben Corey has moved from A. S. Bridges' farm to near Mr. Sterling.

Tom N. Coons and Roy Byrd went to Cincinnati Thursday morning. Mr. Byrd returned home Friday afternoon. Mr. Coons returned with the remains of Frank Byrd Saturday.

Miss Leona Coons entertained with a New Year's party Tuesday evening. Those present report a delightful time.

BYRD.

The many friends here of Frank Byrd were shocked Wednesday night when a telegram came announcing that he had dropped dead at his home in Walnut Hills, Cincinnati. It later developed that Frank committed suicide by shooting himself through the head with a .38 calibre revolver. According to the Cincinnati Post, he went into the kitchen where his wife was and remarked to her, "I am with you today, where will I be tomorrow?" Mrs. Byrd, not

realizing his awful intention, remarked that she did not know where he would be tomorrow. Mr. Byrd had as a guest New Year's Eve, Taylor Anderson, formerly of Mt. Sterling. Mr. Byrd expressed himself and went to

the room and in a few minutes they heard a shot and rushed to him. On opening the door he was found lying unconscious with a bullet hole in his head. A physician was immediately summoned, but life was extinct before he arrived. Frank Byrd was born at the old Byrd homestead near here about 26 years ago, being the second son of Alamanza W. and Virginia Byrd, both deceased. He was an exceedingly clever young man, being always ready to do what he could for a friend. A little over two years ago he was married to Miss

Outie Byrd, of Cincinnati. After his marriage he sold his property here and went to make his home at Cincinnati. Besides his wife, deceased leaves two sisters, Mrs. Ella Fassett and Mrs. Virginia Coons, and one brother, Roy Byrd, all living at this place. The remains arrived from Cincinnati Saturday afternoon on the 12:46

train and were interred in Maple Hill Cemetery, services being conducted at the grave by Rev. W. A. Hopkins. To those who are again bowed in sorrow, this community extends its sympathy.

HOWARD'S MILL

(Mrs. W. W. Stevenson.)

A happy and prosperous New Year to all.

Several here have been on the sick list.

Uncle Joe Smith, who has been real sick, is a little better.

Mike Wilson bought of Taylor Howard a nice bunch of cattle to be delivered the 10th of this month.

Most of the farmers here have sold their tobacco at from 19 to 14 cents a pound.

The new filter at the pump house is almost complete which will be a great improvement in making the water pure.

Notwithstanding the gloom y weather, several came out to services Sunday night.

Howard Stevenson, of Illinois, son of Mr. and Mrs. W. W.

Stevenson, is here on a visit. He has been away about six years, we hope he has come home to stay.

We hope the resolutions for a better life the coming year will be carried out.

BABIES UNDER THE SPOUT.

In Simla They Water the Youngsters to Keep Them Quiet.

The native mothers in the hill station of Simla, in India, have a curious practice of putting their babies' heads under a spout of water in order to send the youngsters to sleep and to keep them quiet. When a new car road was made some years ago in the locality mentioned there was a hillier place, where rows of such children might be seen in a grove close to the road.

The water of a hill spring was so adjusted as to furnish a series of little sprouts, each about the thickness of one's little finger. Opposite each spout was a kind of earthen pillow and a little trough to carry away the water. Each child was so laid that one of the water sprouts played on the top of its head, and the water then ran off into the trough.

An English official testifies that the process was most successful. There never were such quiet and untroubled babies as those under the sprouts. The people were unanimous in asserting that the water did the children no harm, but that on the contrary, it benefited and invigorated them. In fact, they seemed to think that a child not subjected to this process must grow up soft brained and of little account.—Harpers Weekly.

ORIGIN OF CINDERELLA.

The Dainty Footed Damsel Who Became a King's Wife.

It has been said, "Not one girl in a thousand knows the origin of the friend of her childhood, Cinderella."

Her real name was Rhodope, and she was a beautiful Egyptian maiden who lived 670 years before the common era and during the reign of one of the twelve kings of Egypt. One day Rhodope ventured to bathe in a clear stream near her home, leaving her shoes, which were very small, lying on a bank. An eagle, passing above, caught sight of the little sandals and, mistaking them for a toothsome morsel, swooped down and carried off one in its beak.

The bird unwittingly played the part of fairy godmother, for, flying over Memphis, where the king was dispensing justice, it let the shoe fall directly at the king's feet. Its dove beauty and daintiness immediately attracted the royal eye, and the king determined to know the wearer of so cunning a shoe.

Messengers were sent through all the kingdom in search of the foot that it would fit. Rhodope was finally discovered, the shoe placed on her foot and she was carried in triumph to Memphis, where she became the queen of King Psammetichus.

Chesterfield's Love Letter.

A famous love letter, cautious and clever, is that written in 1911 by Philip, earl of Chesterfield, to Lady Russell.

"Madam—The dulness of this hot and sultry season doth afford nothing that is new to divert you; only here is a report that I have won the truth of love, which is that I am extremely in love with you. May I let you know it? It is true or no, since I am certain that to one but yourself can rightly inform me, for if you intend to use the favorably and do think I am in love with you I must certainly say so, but if you intend to reserve me coolly and do not believe that I am in love I also am sure that I am not. Therefore let me entreat you to put me out of a doubt which makes the greatest concern of me. Your madam, your most obedient faithful servant."

"CHESTERFIELD"

Art Is Long Distance.

An American artist walked out of his house, closed the door with unusual care and descended the steps.

In his hand was a satchel containing his paints and brushes and a change of socks.

At the gate he met a bright-eyed, ragged little boy carrying a basket filled with sweet strawberries, purple dewberries, crimson radishes, and young onions, verdant spinach and zucchini lettuce from a huckster's wagon near.

"Vegetables?" the boy asked. "Berries?"

"No," replied the artist, brushing past. "I am on my way to sunny Italy to paint water color studies of picturesque peasant children."

And he ran for the boat.—Newark News.

New York's First Sidewalk.

The first sidewalk in New York was laid by a woman, Mrs. Samuel Provoost, about 1716. She was an importer and merchant and laid the sidewalk for the convenience of her customers. She had importuned the authorities to do it, but they refused, saying it was impossible. After her object lesson paving and curbing gradually came in, but for some time her sidewalk was so famous that people journeyed even from Philadelphia to see it.

Tombstone Inscriptions.

Three of the commonest tombstone inscriptions are "In the midst of life we are in death," "His end was peace," "He tempers the wind to the shorn lamb." The sentiment of each is comforting and consolatory, but none comes from the Bible.

Good Nature May Be Costly.

"Don't look so glum, Pilkerton. Use cheery words. They cost nothing." "Cost nothing! If I speak ten cheery words to my wife she asks me for some money."

He trespasses against his duty who sleeps upon his watch as well as he that goes over to the enemy.—Burke.

Who Has YOUR Insurance?

The usual answer is: "Darn if I know. I gave a part of it to Jones & Smith, but I understand Jones has sold out," or "I gave a portion of it to Jim Brown and I hear he has about gone out of the business," etc., etc.

Following is a partial list of agencies (fire insurance) started in Mt. Sterling, since the first in 1847 by Wm. Hoffman (Hoffman's Insurance Agency) gone out of business, or changed in some way or other, only one "holding the fort" and under the same styled firm:

HOFFMAN'S INSURANCE AGENCY—over HALF A CENTURY of successful insurance dealings and satisfied customers. Wouldn't YOU prefer having YOUR business handled by the people you place it with? Not placed in an agency changing with "every change of the moon." Placing outside of HOFFMAN'S INSURANCE AGENCY with some other because "he's a neighbor" or "a friend of mine" may make him a most costly friend and upon renewal (or at the time of a fire—if you should be so unfortunate) find it in the hands of some other agent—an agency in which you have little or no confidence.

Hoffman's Insurance Agency has been in business since 1847; the chances are it will be in 1947.

All of these agencies have gone out of business or the agency changed.

BOYS WHO DID BIG THINGS.

Many of the World's Great Men Won Fame in Their Youth.

Some of the greatest achievements in the world have been made by youth, and it will always be so in human history. David, the sweet singer of Israel, was a shepherd, a poet and a general before he was twenty and a king at the age of eighteen. Raphael had practically completed his life work at the age of thirty-seven. He did no great artistic work after that age. James Watt, even as a boy, as he watched the steam coming out of the teakettle, saw in it the new world of mechanical power made possible by the old element turned and driven by a simple appliance.

Cortes was master of Mexico before he was thirty-six. Schubert died at the age of thirty-one after having composed what may perhaps be called in some ways the most entrancing melody ever written. Charlemagne was master of France and the greatest emperor of the world at the age of thirty. Shelley wrote "Queen Mab" when he was only twenty-one and was a master of poetry before he was twenty-five.

Patrick Henry was able to shape the revolutionary history of a new country before he was thirty and astonished the world by his oratory before he was twenty-six years old. At the age of twenty-four Ruskin had written "Modern Painters," and Bryant, while still a boy of high school age, had written "Thanatopsis." Robert Burns wrote some of his greatest songs while he was a plowboy.—London Answers.

MADE THE CLERKS WORK.

A Senator Wanted Information and Found a Way to Get It.

"Congress makes lots of unnecessary trouble for the government clerks," said a veteran employee, "but the worst case I know of occurred some years ago. A certain senator asked the comptroller of the currency to tell him how much stock a certain man had in a national bank. He was informed that such information was regarded as confidential and could not be given out.

"We'll see about that," said the senator, who was plainly disappointed and displeased.

"Several days later he secured the passage of a resolution calling upon the secretary of the treasury to furnish the senate with the names and holdings of the stockholders in all the national banks in the country. He really wanted to know only the interest of one man in a bank, but he knew that he couldn't get a resolution of that kind through the senate, so he included the stockholders in all national banks.

"It took the entire force of the comptroller's office several weeks to prepare the information, and when it reached the senate nobody paid any attention to it except the author of the resolution, and he merely looked at the mass of papers only long enough to see about the man he was after and then tossed the papers aside. It was an immense lot of work for nothing."—Washington Star.

A Wonderful Toy.

Perhaps the most wonderful toy in the world is owned by a Russian prince, who lavished a fortune of \$40,000 on a mechanical theater. The stage is fitted up with every accessory in the shape of scenery and machinery that modern skill has devised, and the actors are figures as large as life, all dressed as sumptuously and appropriately as their living prototypes. The prince's repertoire covers almost all the most popular operas, and it is only necessary to press a button to set the whole marvelous machinery in motion. The actors make their entry on the stage and play their varied parts with appropriate gesture, while a number of phonographs supply the vocal parts in the voices of the leading operatic singers.

An Island City.

Greater New York consists of forty-five islands. It might be called the Island City. Read the names of some of the larger: Manhattan Island, Long Island, Staten Island, Hart's Island, City Island, Riker's Island, North Brother Island, South Island, Blackwell's Island, Randall's Island, Ward's Island, Berrian's Island, Governors Island, Barren Island and Coney Island. Many small ones in Jamaica bay have large names. One inland island, Marble Hill, near Kingsbridge, has been made by the government channel cut through on the Harlem river improvements.

Human Nature.

"Why is it," asked the curious guest, "that poor men usually give larger tips than rich men?"

"Well, sub," said the waiter, who was something of a philosopher as well, "looks to me like de po' man don't want nobody to find out he's po' and de rich man don't want nobody to find out he's rich."—Exchange.

More Substantial.

"You didn't waste your time building castles in the air?" "No," replied Mr. Dustin Stax. "I constructed corporations out of water."—Washington Star.

Pretty Poor Singers.

"Why doesn't your wife sing to the baby when it cries?" "We've found out that the neighbors would rather listen to the baby."—Mother's Journal.

A Great Plant.

"What do you think will finally be selected as our national plant?" "Well, it is dollars to dimes it will be the mint."—Baltimore American.

ROOT COTTON FOUND IN ORIENT.

An interesting new tropical product is the "root cotton," described by S. Kusano, a Japanese botanist. It is a fibrous covering of the roots of Fagara integrifolia, an abundant plant of the Philippines, and especially of Botel Tobago, an island near Formosa. The substance seems to be a kind of cork tissue, resembling the ordinary cork developed on the bark of trees. The fibers, of light straw color and silky luster, are very fine, soft, and weak, and are easily pulverized to a waxy powder. They are less hygroscopic than ordinary cotton, having remarkable resistance to wetting by water. In Botel Tobago the natives use the root cotton for caulking boats, and in the Philippines it is employed for such purposes as stuffing pillows. Not least of the advantages of this material is the fact that it can be removed without injury to the roots, thus making cultivation simple.
